

# WARMING TOUCH VIBRATOR

Both ends of the lay-on vibrator makes spot-on pleasure spot stimulation or extensive full-body massages possible. One end provides pleasure with its powerful vibrations while the other side provides pleasure with its exciting warming function. There is a motor at either end and each motor has 10 vibration modes – they can be intuitively controlled at the push of a button. The anatomically shaped toy fits perfectly in the hand and adapts to the body's contours. The toy is also waterproof. The Warming Touch Vibrator promises extremely intense and diverse pleasure during massages – whether it's being used for solo fun or with a partner!
